LIFTTECHNIK

LIFTBOY 4

MOBILE VERTICAL PLATFORMLIFT

MAIN ADVANTAGES

LIFTBOY 4

- Mobile lifting platform with two optional lifting heights
- Product is suitable for use indoors as well as outdoors
- Available in all RAL colours
- High user comfort thanks to convenient transport and simple operation
- Specially developed for mobile use (e.g. at railway stations or stages)
- State-of-the-art technology

Safety is top priority: This is guaranteed by the integrated **emergency lowering**

Perfectly adjustable thanks to the **width-adjustable ramp** (upper stop)

Control of the platform including a stop button
