# ALPIN

VERTICAL PLATFORMLIFT

# ALPIN

The Alpin vertical platform lift is an efficient alternative to outdoor lifts. The individual manufacturing makes it possible to fulfil customer wishes.

## EASY INSTALLATION

The free-standing drive tower permits fast installation with only minimal constructual works required on site.

## QUALITY

TÜV certified! Built according to the valid European norm EN 81-41.

## RELIABLE

The solid double chaine drive and the robust electronics ensure low-maintenance operation, especially outdoors.

Doors open **manually** as standard, **automatic door openers** can be installed as an option

Various platform sizes and space-saving construction for **easy retrofitting**

Coating on request possible in **all RAL colours**, matching any environment

HINT

You can find more **installation examples** on our website

## MAIN ADVANTAGES
